Re: Cornell-Dubilier Electronics Site - Administrative Order on Consent for Removal
Action, Index No. II-CERCLA-99-2006
Progress Report No. 20

Dear Sirs:

As specified in Paragraph 50 of the above-referenced Administrative Order, on behalf of Respondents Cornell Dubilier Electronics, Inc. (CDE) and Dana Corporation (Dana), ENVIRON Corporation (ENVIRON) is submitting this progress report which summarizes activities conducted pursuant to this AOC between November 17 and December 1, 1999.

Completed Activities

During this period, the following activities were completed:

- Conducted a site inspection on November 18, 1999 to review the remaining restoration items. A copy of the outstanding restoration issues was forwarded to D. Maser for USEPA on November 19, 1999.
- Provided the results of soil sampling conducted in the gravel parking area on Property AA (346 Hamilton Boulevard) to Mr. Anthony Pellegrino, the property owner; the results package was sent to Mr. Pellegrino on November 29, 1999.

Ongoing Activities

During this period, the following activities were initiated and/or are in-progress:

- Resolving minor landscaping changes with the individual property owners.
- Restoration activities at the remaining five Tier II Residential Properties.

- Arrangements for decontamination waste water disposal.
- Preparation of the Final Report.

Two-Week Schedule of Planned Activities

In addition to the ongoing activities, during the next two-week period (December 2 through December 15, 1999) the following activities are planned:

- Identification of restoration activities that must be postponed until the spring 2000 due to weather constraints.

One-Month Schedule of Planned Field Activities

In addition to the ongoing activities, during the next four-week period (December 2 through December 29, 1999) the following activities are planned:

- Completion of decontamination waste water and debris disposal.
- Completion of property restoration activities, with the exception of those items that must be postponed until the spring 2000 due to weather constraints.

Please call Mark Nielsen or me at (609) 452-9000 if you should have any questions regarding this progress report.

Sincerely,

Michael P. Scott
